

## Crawler Crane Undercarriage Parts-----Track Shoe / Track Pad / Track Plate

### 1. Product description

- (1) Material: 35SiMn, 28CrMnMo, 31Mn2SiMo.
- (2) Technology: Casting
- (3) Heat Treatment: Whole quenching and tempering, then surface hardening
- (4) Warranty: 2000-2500 working hours
- (5) Application: Track shoe is one of crawler crane undercarriage parts. It is installed in the same direction to form the belt of the head and tail. In this way, the operation uniformity is good, the wear of track shoe is low, and the driving efficiency is high when walking.

### 2. Production process

#### Heating Process:

### 3. Inspection & Test Reports: Chemical Composition, Mechanical Properties after HT, Metallography/ Microstructure, NDT Examination/LPI or MPI, NDT Examination/UT, Final Visual Inspection, Dimensional Accuracy

### 4. Advantages

- (1) Quality Assurance: we have strict quality control during the production process. We can offer the material report and test report. If the product was broken in quality guarantee period, we can ship new one to you.
- (2) Professional Sale&Service Team: 24 hours online, best service here for you anytime. Any question, please free contact us.
- (3) Professional Engineers: Our engineers have rich experience and deal with this line more than 15 years. In our here, you can get the most professional answer for your crawler crane undercarriage parts.
- (4) Factory and Warehouse: we update our products regularly and explore more kinds of parts to meet customers' demands. For the common parts, we keep enough stock all the time.

<b>XCMG</b>	QUY 38-350 ton

## 7. Related products

Except the track shoe, other parts for crawler crane, such as track roller/bottom roller/lower roller, top roller/upper roller/carrier roller, sprocket and idler. These parts are all our main products.

## 8. Exported orders

## 9. About us

Shandong Value Machinery Manufacture Co., Ltd has focused on high-quality crawler crane undercarriage parts for many years in China. We are one of the leading suppliers of crawler crane undercarriage parts in crane parts industry and export our products to 20 different countries.

We commit ourselves to the R&D and Production with some famous manufacturers. Our main products are Undercarriage Parts for Crawler crane, such as track shoe, track link, drive chain, track roller, top roller, idler, sprocket, etc.

We aim to supply best quality undercarriage parts for our customer, mainly for Hitachi, Sumitomo, Kobelco, IHI, Nippon Sharyo, Hitachi Sumitomo, Sany, Fuwa, XCMG, Zoomlion, Manitowoc, Demag, Terex, American, Link-Belt and so forth brands crane.
